Date of Death: April 10,  
2004

Cause of Death:  
Euthanized - liver cancer.

Comments: A happy go lucky dog who did well in obedience class. A good hunter, she often brought birds back to her bed. She collected and ate nuts. She had a longer coat than the other imports. Her pups had more red showing in the brindle than she did. She has short legs but a nice stride. Nice head with dark eye. She was a "stud fee" pup from "Bobi" (dog in photo with hunters) indicating more interest in sires of litters at least part of the time than was sometimes thought. Obtained at about 4 weeks old.

*Stephanie as she was found in Africa*

*Stephanie at approx. six weeks*

*Feb. 11, 2002 - Stephanie at 15 years old.*

Video: February 11, 2002
