Comments: Joann has the kindest look of any dog I have
seen. A lovely bitch with a beautiful head with small,
well-set ears that she also produced. Her coat is dark and
short. Her movement is nice and flowing. She does not
have a good topline. She produced a lot of white on some
of her pups.

Joann at approx. 11 weeks

Spellbinder-Niger was used at stud. He is a nice

house pet but wary of strangers and positively

dislikes his veterinarian. He has sired several

champions - some with excellent temperaments

and others not as good. Kibushi Kana also is

known to have had at least one litter.
